First call for papers

ELECTRIMACS 2019 - The 13th international conference of the IMACS TC1 Committee - is an international conference on **theory and application of modelling, simulation, analysis, design optimization, identification and diagnostics in electrical power engineering.**

Conference Chairs

Giovanni Petrone, Italy
Walter Zamboni, Italy

Technical Program Chairs

Ramon Blasco-Gimenez, Spain
Èric Monmasson, France
Benoit Robyns, France
Giovanni Spagnuolo, Italy

Application of interest include, but are not limited to, electric machines and electromagnetic devices, power electronics, transportation systems, smart grids, electric and hybrid vehicles, renewable energy and storage systems, batteries, fuel cells, wireless power transfer.

Proposals for **special sessions** focused on a specific topic within the conference scope are welcome.

Regular papers accepted for presentation and accompanied by a paid registration will be published in the conference proceedings.

After ELECTRIMACS 2019 towards MATCOM. Authors of selected papers will be invited to submit an extended version for publication in a peer-reviewed special issue of [MATCOM – Transactions of IMACS Mathematics and Computers in Simulation](#) (Elsevier journal, SCOPUS and WOS indexed).

IMPORTANT DATES

System open for submissions:	September 2018
Deadline for special session proposal	1st November 2018
Deadline for regular paper submissions	15th November 2018
Notification of acceptance	1 st March 2019
Final paper submission	1 st April 2019

Salerno, Italy is located in Campania region, very close to the wonderful **Amalfi Coast** (UNESCO World Heritage Site) and to **Pompeii** and **Paestum** (famous archaeological sites). The conference will be held in Salerno city centre. It is easy to get there from Napoli International Airport as well as from other Italian cities connected by TAV (high speed trains).
